this report is the third environmental performance review of france it evaluates progress towards sustainable development and green growth with a focus on energy transition and biodiversity

examines the culture and customs of the people of france

bringing together experts from various fields of french studies this book explores the ways in which france s relations with the international community have

evolved in a period of accelerating globalisation

dieser band beinhaltet proceedings of the ninth international isko conference 4 7 july 2006 vienna austria

britain and france have divergent attitudes to the issue of minority identities whilst the british emphasise multiculturalism allowing that it is possible to combine race or faith with a british identity the french view such a combination of religion and nationality as unacceptable however recent events have challenged these traditional approaches to minorities the london bombings of july 2005 and the fact that the perpetrators were british threw into question the assumption that the elevation of difference could lead to community cohesion whilst riots in birmingham in october 2005 between black and asian communities further highlighted tensions similarly french certainties about their proactive attitude to the integration of minorities into a national community unified by common value were profoundly shaken by rioting in urban areas

work inequalities in the crisis provides an in depth overview of the effects of the financial and economic crisis on inequalities in the world of work it examines these inequalities multidimensionally looking at employment wages and incomes working conditions and social dialogue at the same time it investigates whether the crisis may halt the progress made in europe towards better quality jobs and working conditions this book offers a unique combination of research case studies and policy discussions an assessment of national trends in 30 european countries precedes case studies of 14 of them in which noted european specialists report on individual enterprises or sectors the volume s survey of national and local level policy solutions contributes to identifying those responses that strengthen economic competitiveness preserve social cohesion and do not deepen inequalities this timely resource will be of particular interest to academics students and researchers in labour economics to policymakers and to those involved in european studies more generally book jacket

gender quotas are a growing worldwide phenomenon yet their variable implementation remains under researched using the prominent case study of france this book approaches quotas from the perspective of the key actors responsible for them political parties

achieving sustainable development depends on good governance practices particularly the effective implementation of national sustainable development strategies which integrate government decision making in economic environmental and social policies this publication contains the proceedings of an oecd workshop held in stockholm sweden in 2006 which made a number of recommendations designed to embed the concept in government and reduce the vulnerability of sustainable development aims to shorter term political objectives

this is the first book to integrate reliability analysis and risk assessment with the planning design and management of hydrosystems dams levees storm sewers etc requiring only a basic knowledge of probability and statistics readers will be able to determine how hydrosystem structures will perform under various circumstances

in the absence of strong government policies the IEA projects that the worldwide use of oil in transport will nearly double between 2000 and 2030 leading to a similar increase in greenhouse gas emissions. Bio fuels such as ethanol, biodiesel
